

HOBBIY

COMPATIBILITY QUIZ

& creative dating guide

To use: Ask your significant other to read the list below and fill in the circles next to the hobbies/activities he or she enjoys or would be interested in trying. Then go through the list yourself and fill in the squares next to the activities you enjoy or would like to try. Cover your partner's answers as you consider each item so you're not swayed by their choices. Highlight each activity that you both marked. Instead of watching a movie on the couch for your next date, do one of the highlighted activities!
